

# Slim Profile, Bold Character

Fully Automatic Coffee Machine

## HIGHLIGHTS

7" Touch Display

Special Steel Flat Burrs

S20 Professional Brewer

SaaS Software Platform

7" Touch Panel

Detachable Brewer

Detachable Hopper

Energy Saving

## PRODUCT FEATURES

Daily Output: 10 cups

### 7" Touch Screen

Intuitive Android interface for quick ordering and instant backend access. Easily customize recipes and fine-tune extraction parameters.

### 400g Large Bean Hopper

Removable, double-capacity container reduces refills. Sealed design keeps beans fresh—ideal for small cafés or offices.

### SaaS Management Platform

Cloud-connected for remote monitoring, batch recipe updates, and usage analytics. Scalable solution for multi-machine commercial operations.

### SGH64 Professional Grinder

64mm special steel flat burrs deliver commercial-grade precision and consistent grind size. Built to last for light commercial use.

### S20 High-Capacity Brewer

20g brewing chamber for intense, rich extraction. Compatible with S14 (14g chamber) for flexible dosing. Quick-release for easy cleaning.

### Cold Brew

One-touch cold extraction technology. Smooth, low-acidity cold brew in minutes—no overnight waiting.
